## PROFESSIONAL SUMMARY

---

I'm focused on going above and beyond to support my team and produce quality projects. I stay motivated to continue to learn and grow as a professional and collaborate with others around me to build a strong and impactful team. I want to encourage the people around me to strive for better and succeed in order to push forward for innovation.

## SKILLS

---

- |              |           |
|--------------|-----------|
| • React JS   | • Node JS |
| • JavaScript | • jQuery  |
| • HTML       | • CSS     |
| • Bootstrap  | • GitHub  |

## EXPERIENCE

---

**Frontend Developer Intern, Jeff Wyler,** Nov 2020 - Feb 2021, Cincinnati, Ohio

- Led a special history timeline project collaboratively with the designers for the Wyler website, also built for mobile responsiveness.
- Completed User Interface analysis of the website menus by reviewing Google Analytics data for optimizing the website experience to be more consumer-facing.
- Participated in meetings to give a fresh insight on decisions for the future.

**Teacher Assistant - Web Development, Kable Academy,** Oct 2020 - Jan 2021, Cincinnati, OH

- Helped form notes for the curriculum the students were going to learn.
- Handled issues such as debugging for updated React JS framework and Node JS.
- Maintained good working relationship with co-workers and management.

## EDUCATION

---

Full Stack JavaScript Developer Engineer

Sep 2020

**Kable Academy** - Cincinnati, Ohio

- Worked through 600 hours of accelerated learning for frontend and backend coding over the course of 12 weeks.
- Completed independent coding projects, and also worked in a team for my capstone project, using both frontend and backend JavaScript frameworks.
- I have received three certifications: Responsive Web Design, Frontend Developer, and Full-Stack Web Developer

High School Diploma

May 2020

**Woodward Career Technical High School** - Cincinnati, Ohio

- Graduated in top 10% of class.
- Interned at Good Samaritan Hospital during the month of February 2020, as a Medical Assistant.
- I've been certified as an STNA, MA, EKG Technician, and PCT.
- I've also received certifications for CPR, AED, Stop The Bleed, and FEMA.
